Objective

With over 7 years of coding experience I am looking to put my skills to good use and land a job in the web development field. I've always had a great passion for coding and want to show off what I can do.

Experience

Front End Developer

Self Employed, 2017 -
- Create new and fully responsive mobile first websites.
- Excellent knowledge in HTML, CSS & JavaScript.
- Strong critical thinking skills to overcome problems
- Motivated to learn and implementing new technologies
- Strong examples of SASS
- Experience with React
